

Questions to Ask Your Child

6th Grade Student-Led Conferences, February 2017

Clarifying Questions:

- Could you explain that again?
- What was the task?
- What was your part of the task?
- Could you explain why you did that?

Process of Working Questions

- What is something you are proud of in this piece of work?
- What was a challenge you faced in this task? How did you overcome it?
- What feedback did you get on your first draft? How did you improve on it?
- When was a time that you were confused or stuck? How did you respond?

Expedition Questions

- What is the most important difference between local sustainable and industrial farming?
- What are some impacts that local sustainable and industrial farming are having?
- How has your thinking about food changed through this expedition?
- What should I consider when buying food for my family?

Math Questions (Mr. Bill & Ms. Nicole's Class or Mr. Mark's 6th Grade)

- How were unit rates useful in solving this problem?
- How can you use unit rates in your life?

Math Questions (Mr. Lawrence's Class)

- Where is the math in this?
- Why is it important for artists to have a good understanding of mathematics?
